NOTE.

Extract from a representation dated the 6th January 1947 submitted to the Dewan by the Members of the Municipal Council Channarayapatna during his recent tour in Hassan District with the Dewan's orders thereon is herewith forwarded to the Revenue Secretary for an early report -

Representation	Dewan's orders
	A representation has been made that side lines from the main pipes have to be laid They have not been laid as the pipes are not available and finance is not available The D C states that he has recommended a grant from the Town Improvement Fund
2) Our town is badly in need of a bus stand as this is a central place and buses run through this town to almost all important towns of the State The Travellers are very much suffering for want of waiting place and other conveniences The Council requested His Highness the Maharaja during his visit to this town in 1943 that a new Bus Stand constructed on a modern design was essential Government was pleased to prepare the plan and estimate to that effect But we were told that the scheme was dropped for the time being owing to the abnormal increase in the cost due to war We request you kindly to renew the scheme early and fulfil the long felt want It was the desire of the Council that the Bus Stand may be built in memory of His Highness's visit to this place "	Both these requests are reasonable 3) May I know at what stage these two schemes are?

Sub: Laying side lines from the main pipes in Cheruvathur Municipality

---

With reference to your letter No. LL 18410 dated 20-5-48 enquiring as to whether the Municipal Council of Cheruvathur were able to bear a share of Rs. 1800/- towards their share of the cost of laying side lines, while their closing balance according to the sanctioned budget was only Rs. 1400/-, I have the honour to state as follows -

In the budget of this Municipality a sum of Rs. 3500/- has been provided under the head "C" as an income expected during 47-48 by the sale of sites. At the end of the year 47-48 the expected closing balance after providing for the anticipated income and expenditure was Rs. 1400/- But the Municipality derived a sum of Rs. 15270/- by the sale of certain sites in August 47. Out of this income the Municipality paid a sum of Rs. 6585/- in anticipation of sanction. The Government therefore been requested to approve the action of the Municipality in having paid the above amount out of their closing balance which is more than Rs. 1400/- after the realisation of Rs. 15270/- by the sale of sites
